Red Sox to sign Stephen Drew

Shortstop Stephen Drew has agreed to a one-year contract with the Boston Red Sox, sources told ESPN The Magazine's Buster Olney.

The deal calls for a \$9.5 million salary and \$500,000 in performance bonuses, the sources said.

Drew, 29, is the younger brother of former Red Sox outfielder J.D. Drew.

Drew became a free agent when the Oakland Athletics declined their half of a \$10 million mutual option for Drew in October.

Drew received a \$1.35 million buyout.

Drew, acquired by Oakland in an August trade with Arizona, batted .250 with five homers and 16 RBIs in 39 regular-season games for the A's.

Drew returned last season after missing 137 games dating to July 20, 2011, when he fractured his right ankle sliding into home against Milwaukee. He played in 40 games with the Diamondbacks last season and was hitting just .193 before the trade.

Like his brother J.D., Drew was a No. 1 draft pick out of Florida State, chosen 15th overall by the Diamondbacks in 2004. J.D. was in the big leagues two months after he signed; Stephen spent just one season in the minors before he made it, and by age 24 had become the team's everyday shortstop, playing an average of 147 games a season from 2007-2010. In the last three years of that span, his .800 OPS was exceeded by only two shortstops, Hanley

Ramirez (.917) and Troy Tulowitzki (.883), and while he was considered average defensively, he made just 10 errors in 2010.

Red Sox general manager Ben Cherington has maintained throughout the offseason that shortstop isn't at the top of his to-do list, but also said the job will not just be handed to all-glove, no-bat prospect Jose Iglesias.

The 22-year-old Iglesias hit just .118 in 68 at-bats for the Red Sox in 2012. He

was expected to be given an opportunity to earn the starting shortstop job in spring training. It is unclear if that's still the case, however, with the addition of Drew.

"We're just trying to be opportunistic on that," Cherington said at the winter meetings. "We feel Jose is ready to compete for the job. We're not ready to give it to him."

Recently, Iglesias was in Arizona training with Red Sox second baseman Dustin Pedroia.

TITO VILANOVA SUFFERS CANCER RELAPSE

Barcelona coach Tito Vilanova has suffered a recurrence of parotid gland cancer and will undergo surgery Thursday, FC Barcelona confirmed via press release Wednesday. Vilanova will undergo surgery on Thursday to treat "his pathological extension" as part of continuing treatment for a parotid gland cancer recurrence, the press release said. Vilanova is expected to be in the hospital three to four days. Chemotherapy and radiation will follow the hospital visit. The chemotherapy and radiation are expected to last six weeks, the team said. "During this time and depending upon how he evolves, the treatment could be compatible with his work," the club statement said. "As per the patient's request, we pray

that you respect his privacy and confidentiality in this process." The club said that president Sandro Rosell and Andoni Zubizarreta would hold a Wednesday press conference to answer questions. Barcelona suspended scheduled media activities for Wednesday amid early reports in Spain that coach Tito Vilanova had taken ill. The Spanish newspaper Mundo Deportivo reported that Vilanova had cancer. Vilanova, who replaced Pep Guardiola this summer, underwent surgery on a salivary gland last November. Media reports in Spain suggest the 44-year-old Vilanova has suffered a relapse. Both Marca and As reported Wednesday that Vilanova had a recurrence of the salivary gland cancer that required surgery on Nov. 22, 2011.

Rafael Nadal tweeted his support for Vilanova Wednesday morning, saying in Spanish: "All my strength and support to Tito Vilanova! We are all with you to overcome this new step."

David Wright likes course of Mets

David Wright, who agreed to an eight-year contract with the New York Mets in early December, said he signed the extension mindful that reigning NL Cy Young winner R.A. Dickey could be traded.

And while the All-Star third baseman acknowledges that the 2013 season minus Dickey could be an uphill battle for the Mets, he understands the ballclub faced formidable challenges anyway in the NL East given the strength of the Nationals, Braves and the Phillies.

Mets general manager Sandy Alderson had visited Wright in the player's native Norfolk, Va., early in the offseason. The trip to persuade Wright to remain a Met long term included reviewing the organization's multiyear plan to restore the team into a contender.

Dickey, 38, was traded Monday to the Toronto Blue Jays for a package that included highly regarded catching prospect Travis d'Arnaud and Class A right-hander Noah Syndergaard.

"Going back to when Sandy came down here and we were having those honest conversations, I was well aware that not only was Sandy looking

to better this team now, but that he also wanted to build a solid foundation for the future -- and the not-too-distant future," Wright told ESPNNewYork.com on Wednesday. "That definitely came up.

"I think it was important for us to get a little bit younger. I think it actually kind of works out well for both sides. You have Toronto, obviously, with their situation, and us with our vision. I spoke to R.A. earlier this morning, and he seems to be happy. The players we've gotten back, I've gotten a chance to speak to them. They're excited. And I think it fills needs for both sides."

Wright, who turns 30 on Thursday, has reached the postseason only once since debuting with the Mets in 2004. After coming within a game of reaching the World Series in 2006, the Mets suffered consecutive September collapses that have been followed by four straight losing seasons.

Even with that context, though, Wright insisted he is not impatient for a full win-now mentality.

"Of course it's difficult to see your Cy Young Award pitcher and a 20-game winner be traded," Wright

said. "But I didn't sign to come back here for kind of a short-term-type, win-now-or-never-win-type approach. I'm going to be here for eight more years. And, this is my opinion: I would rather build and get that solid foundation where you get to the point where we can contend every year and have that solid base.

"Like I said, the trade fills needs for both sides. Of course, you're talking about losing a 20-game winner. They're very difficult to come by. And I know very little about the younger players we got back. But just from what I've read, you're talking about one of the best catching prospects in the game and one of the best pitching prospects in the game. So how can you not be excited about what the future holds with those two plus the [Matt] Harveys and [Zack] Wheelers? So I'm excited about what the future holds."

Alderson insisted the Mets are not "punting" the coming season with the subtraction of Dickey and a lack of activity courting higher-end free agents.

Wright nonetheless understands that next season will be an uphill battle for

the Mets.

"You look around in our division and, of course, with or without R.A. you're talking about a very, very competitive and very, very tough division," Wright said. "Obviously you lose a 20-game winner and we understand that it's going to be a tremendous challenge. But it's the same thing as last year, when the expectations for us as a team from the outside were very low. We got off to a tremendous start and couldn't finish and really trailed off the second half.

"By no means is this conceding and looking to 2014 and beyond. We're going to go out there and expect to win next year. And, obviously, it sets us up nicely in the upcoming years with some of the young talent that we have."

The season before Alderson's hiring, in 2010, the Mets had a \$147 million payroll. It since has been slashed below \$100 million. The highest-priced external free agent to whom the Mets have committed so far in three offseasons under Alderson is closer Frank Francisco, who is midway through a two-year, \$12 million deal.

Wright said he is unsure when the Mets ever will be in the market for a future offseason's equivalent of Josh Hamilton or Zack Greinke. But Wright does express confidence that when the organization is a piece from a championship contender, the resources will be there to make a strong move.

"I'm not sure what kind of situation at this second we're in just with what payroll is or anything," Wright said. "You look, and just because you spend that type of money doesn't guarantee anything. I think what Sandy has done is obviously one of the first steps in solidifying -- and we're not talking many years down the road, we're talking about in the near future -- the young talent this organization is going to have. And then if we get to the point where we feel like we are that one or two pieces away, I think Sandy will have the flexibility to make a move.

"I'm not saying a Josh Hamilton-type move. I do think that talking to [chief operating officer] Jeff [Wilpon], talking to Sandy, there will be some financial flexibility soon, not too far off."

Alumnonan satisfecho di por scucha riba maneho di energia duradero di Aruba

E maneho di Gabinete Mike Eman riba energia duradero ta hayando atencion den Reino completo. Relaciona cu e bishita di Prome Minister Eman na Hulanda, el a haya un chens di por cumpli cu un peticion pa e bishita Farel College, cu ta un scol secundario. Na e ocasion aki Prome Minister Eman a splica e studiantenan tur loke cu Aruba su Gobierno ta haciendo pa promove energia duradero riba e isla y tin como meta como un di e promenan na mundo pa ta 100% duradero. Jendel, di klas B4A, a haya Prome Minister Eman su splicacion sumamente educativo. El a keda impresionado cu e intencion di Gobierno pa haci e isla 100% 'berde'. "Esaki ta masha importante. Rond mundo bo por scucha di e peligernan di emision di CO2, e desasternan natural cu ta causa hopi daño. Un maneho duradero ta bon pa

nos tur y ta miho," el a bisa. Otro estudiante di B4A cu a sinta scucha Prome Minister Eman cu atencion ta Jamir, kende cu un sonrisa riba su cara a expresa di a disfruta hopi di e informacion ricibi, ya cu tabatin hopi cos cu e no tabata sa di Aruba. Mas ainda pasobra ta prome bishita cu nan ta ricibi bishita di un Prome Minister. Na final el a comenta cu el a gusta e lectura ya cu aunke e conoce Aruba, awor el a siña e historia di e isla for di 1950 bin ariba. Shaquille Isidora, kende tin raisnan Curasoleño, a keda contento cu e bishita di Prome Minister Eman y a keda satisfecho di por a scucha tur loke Aruba ta haciendo y tambe cu bishita di mundo ta riba e isla aki cu ta logrando cosnan mas lihe cu paisnan grandi. Entre e docenten presente pa ricibi Prome Minister di Aruba Mike Eman tabata Elis van Boerenwijn, kende ta

docente di Hulandes na Farel College. E lezing di e Prome Minister tabata interesante pa e studiantenan pasobra e tin hopi informacion cu e hobennan normalmente no ta haya cu a inspira nan riba e tema di maneho duradero. E ta yega na e conclusion aki despues di mira con durante mey ora largo e hobennan a sinta scucha Prome Minister Eman su splicacion cu masha atencion. "No ta normal cu un politico ta bin duna lectura na un scol. Probablemente mi ta experiencia esaki solamente un bes den mi bida. Mi ta haya increibel cu el a tuma tempo pa presenta cerca e hobennan na Farel College," sra. Boerenwijn a comenta. Rene Vrieswijk, kende tin 10 aña asocia como docente di economia

na Farel College, ta e persona cu a haci e contactonan pa e Prome Mandatario di Aruba por a haci un bishita na e instituto educativo. E plan di e bishita a cuminsa for di un aña pasa ora cu el a entrega un peticion cerca Cedric Tilma, kende ta e representante di Aruba na UE. El a scoge e tema di energia duradero, pa motibo cu mas tempran e muchanan cuminsa siña riba e tema aki, mas lihe nan ta bira conciente di tur e peligernan cu tin na mundo. E ta haya interesante cu Prome Minister Eman a acepta e invitacion y ta kere cu esaki mester ta ehempel pa otro mandatarionan tambe cuminsa bishita institutonan educativo, duna nan un lectura di bida y no solamente di loke ta poni den buki.

APA: Tin cierto procesonan cu ta canado desde 2011 caba

E proyecto di Barcadera a pone hopi proceso cana, pero mester wak bon con a bai cu e proceso di destaho pa busca un operador y e proceso di destaho pa por haci e trabou pa inversion maritimo. Esaki a cuminsa for di 2011 caba y e

procesonan aki no a stop ainda. A jega fin di aña y ainda no por mira concretamente kico ta e resultadonan di e trabou. Ta spera cu pa 2013 por anuncia kico ta e proximo pasonan. A puntra Alfonso Boekhoudt, director di APA, kico

ta bai haci cu e tereno di Valero, pero esaki no ta tereno di APA, pues nan no tin influencia riba su uzo. APA no por tene

cuenta cu un desarojo di waf eyan. Gobierno ta e autoridat mas grandi y nan lo tene cuenta kico ta posibel pa

San Nicolas. APA lo keda enfoca riba Barcadera Y oranjestad mas tanto.

Premier Eman: 'Relacion cu Europa despues di 2013

Siman pasa Prome Minister Eman tabata invita pa duna un 'gastcollege' na Erasmus Universiteit na Rotterdam. El a toca varios tema. Tambe con e relacion cu Europa ta bay ta despues di 2013. Na 2012 e relacion LGO ya no ta uno hopi significativo pa Union Europeo y Aruba como cu LGO tin poco beneficio. 'Asina mes negociacion ta andando na Brussel pa renoba e acuerdo di LGO pa e periodo 2014-2020 y pa purba duna mas contenido na e relacion di LGO', Eman a menciona. Esaki ta sosode den forma di acceso menos complicada na e mercado Comun di UE y cu placa di ayudo di desarojo cu lo ta menos burocratico pa administra. Pero mester keda realistico. Mirando e crisis financiero na Europa no ta anticipa cambionan grandi pa cu e LGO-nan. Na mes momento Aruba por reflexiona despues di 2013 ki relacion por ta mas beneficioso cu Europa fuera di LGO. Hecho ta cu door di e opcion hancra den e trata-

donan Europeo awor Aruba tin e derecho di scoge si un otro relacion basa riba mas balor y oportunidad ta deseabel. Ta conoci cu e relacion di Region Ultraperiferico por trece hopi mas beneficio pa un isla desaroya manera Aruba. Islanan manera Madeira y Islanan Canario tin un relacion asina caba y eyan e status special di Region Ultraperiferico dentro di UE a trece hopi prosperidad y bienestar pa e comunidatnan. E meta principal pa Aruba su futuro relaciona cu Europa ta keda den oportunidadnan social y economico cu ta beneficioso pa e pueblo.

Escogencia Racional pa keda de Reino y busca mas oportunidad dentro di Europa Eman a referi na e escogencia racional di Aruba pa keda den Reino: 'Tur esaki ta cuminsa cu e escogencia di Aruba pa keda den Reino Hulandes. Pa cierto pais e proceso di decolonisacion a resulta den independencia. Pa Aruba e proceso aki a resulta cu nos mes a
